*Fully funded adult students are defined in the ESFA Funding Rules.

**All adult students who do not meet the criteria for full funding are co-funded for ESFA funded courses which are classroom based at level 2 or below unless they are studying a non-legal entitlement at L2 and don't already hold a full level 2. The term co-funding is used to demonstrate that the College receives some funding for such courses from the ESFA and the remainder from the student.

***Under current funding rules, learners who are aged 19+ and enrolling on a level 3 or higher level course which is not listed as national skills fund are not funded and are required to pay fees in full or take out a loan where the course is eligible for a loan

4. Apprenticeship Programmes

4.1 Since April 2017 the government has categorised employer as Levy or Non Levy depending on their England wage bill.

- Fees for apprenticeships will include all elements of the apprenticeship, including tuition, materials, registration and end point assessment.

- Every framework, pathway and apprenticeship standard is assigned by the ESFA to a funding band.
- Employers who have 0-49 employees will pay 5% contribution for 19+ learners, 0% for 16-18, 19-24 care leavers or learners with an EHCP
- Employers who have 50+ and are non-levy must co-invest a minimum of 5% of the agreed total price up to the funding band maximum. If the negotiated fee is higher than the funding band maximum, the employer must pay the difference between the negotiated fee and the funding band maximum in addition to the 5% of the funding band.
- Employers with a wage bill of more than £3million may be able to access their levy funded digital account to cover some or all of the cost of the apprenticeship
- Employers will need to create an Apprenticeship Service Account via the Gov.uk [portal \(manage-apprenticeships.service.gov.uk\)](https://manage-apprenticeships.service.gov.uk) to reserve and claim apprenticeship funds. Funds will need to be reserved by the employer prior to an apprentice starting on programme.
- The Apprenticeship Service Account will be used to apply and claim any incentive payments the employer may be entitled to. The 16-18 incentive payment will continue to be claimed via Bridgwater & Taunton College and paid directly to eligible employers once received.
- Employers and apprentices will need to ensure all documentation that is issued by Bridgwater and Taunton College is signed and completed to ensure enrolment onto the apprenticeship programme.
- Instalments for employers paying for non-levy apprenticeships can be paid either by:
 - A single up-front payment OR
 - 10 equal instalments paid via direct debit over 10 months.

- 5.3 If a student withdraws from their classroom based course after starting, their fee is still due for the whole year. Any tuition fee credits granted are authorised by the relevant SMT lead and completely recorded.
